

Discrete vs. Continuous Variation

Review yesterday: A characteristic that is passed on from generation to generation is called????? heritable

Which of the following is an example of the above trait: curly hair, speaks French and Ukrainian, type A blood?????

Lets try this! pg 29 of textbook

1. Close your eyes.
2. Raise your hands above your head.
3. Interlock your fingers.
4. Lower your hands and check which thumb is on top.
5. Try interlocking your fingers the opposite way.

Discrete Variation - differences in characteristics that have definite forms

Continuous Variation - differences in characteristics that have a range of forms

if needed text pg 29 #1-5
